The Exams Office will book all exam rooms after liaison with other users and make the question papers, other exam stationery and materials available for the Lead Invigilator.

The facilities staff are responsible for setting up the allocated rooms in accordance with the Exams Office instructions.

To avoid potential breaches of security, prior to removing exam papers from the secure facility two members of the exam team will check the day, date, time and unit/component information. The EO will check these details with the Lead/Invigilator before papers are taken to the exam venue. As an additional check, before any exam packets are opened in the exam room, the Lead and an Invigilator must check and sign the green sheet to confirm they have the correct papers.

Invigilators are responsible for ensuring all students ID is checked during the taking of attendance in the exam room. The Lead Invigilator will start all exams in accordance with JCQ guidelines.

Subject staff may be present in the exam room only in accordance with the JCQ '*Notice to Centres – the people present in the examination room*' regulations.

Exam papers must not be read by invigilators, subject staff or removed from the exam room before the end of the session. The Lead Invigilator must return all materials to

the exam office; papers will be distributed to Exam Links by the Exams Office. Despatch of exam scripts is the responsibility of the Exams Office.

Where a difficult/unplanned situation arises during an exam, a member of the Exams Office must be notified at the earliest opportunity.

The attendance and an ID check will also be taken by invigilators in the exam room to ensure students are seated in the correct seat/receive the correct paper.

Late/Absent students

Confirmation of attendees, students arriving late and students absent from each exam venue will be reported to the Exams Office as soon as possible after the start of the exam.

All absent students will be reported as follows by the exam office:

- a) KS3/4 student to appropriate year group Head of Year/Administrator
- b) Post 16 students to Sixth Form Team

All efforts will be made to contact students to give them the opportunity to attend the exam if they have not previously contacted the centre regarding their absence.

Absent students may be asked to re-imburse the centre for any exam fees incurred, the decision to charge absent students will be made by a member of SLT.

All late students will be dealt with in accordance with the JCQ guidelines. Students arriving less than 1 hour after the published start time will be allowed entry to the exam venue. If resources, facilities and staffing permit, the full time allowance will be given.

Students arriving more than 1 hour after the published start time or after students have been dismissed from the exam for less than one hour, will not be permitted to take the exam.

Food/Drink

Students are only permitted to bring in a small bottle of water / juice to the exam room, this must be in a clear transparent bottle with all labels removed. Food is not permitted.

Students who have a known medical problem, can bring any necessary equipment into the exam room i.e. epi-pens, inhalers, diabetic testing strips/glucose tablets etc. the Exams Office must be notified beforehand so invigilators can be notified.

STUDENTS, EXAM CLASHES AND SPECIAL CONSIDERATION

Students

The Academy's published rules on acceptable dress and behaviour apply at all times.

Students' personal belongings remain their own responsibility and the Academy accepts no liability for their loss or damage.

Disruptive students are dealt with in accordance with the JCQ guidelines and the Academy's own policies; they may only stay for the full exam time at the discretion of the Lead Invigilator, EO or member of Senior staff providing they are not causing a disturbance to other students. The decision to remove a student from the exam room lies with the EO/SLT.

Students may leave the room for genuine purpose and are required to return immediately to the exam room; they must be accompanied by an invigilator or nominated member of staff at all times.

Students must stay for the full scheduled exam time; they are not permitted to leave the exam early.

The responsibility to be at the correct exam venue and on time, lies with the individual student at all times. The Lead Invigilator will report any absentees to the exam office as soon as possible after the start of the exam session. This information will be forwarded by the Exams Office to the appropriate member of staff to attempt to contact the student.

Clash Students

The Exams Office will be responsible for

- a) notifying individual students of exam clash arrangements.
- b) organising the supervising escorts.
- c) identifying a secure venue and arranging overnight stays.

Overnight Supervision

Overnight supervision, due to exam clashes, will only be applied as a last resort and once all other options have been exhausted and will be at the Academy's discretion.

Candidates are not permitted to take an external exam on an earlier day than that scheduled by the awarding bodies.

Where an overnight supervision is permitted, the JCQ Overnight Supervision and Overnight Declaration forms is completed online using the Access Arrangement Centre Admin Portal.

A meeting will be held with the candidate, parent/carer who will be supervising the candidate and the appropriate Head of Year to ensure all parties are aware of the

JCQ rules/regulations regarding overnight supervision and the consequences of not adhering to these i.e. breaches are treated as malpractice and will be reported to the awarding body, the candidate may face disqualification/sanctions.

Special Consideration

Should a student be ill before an exam, suffer bereavement or other trauma, be taken ill during the exam itself or otherwise be disadvantaged or disturbed during the exam, then it is the student's responsibility to alert the Exams Office to that effect as soon as possible.

Applications for special consideration must meet the requirements of the awarding body, as laid down in the JCQ *Access Arrangements, Reasonable Adjustments and Special Consideration* manual. The student must support any special consideration claim with appropriate evidence within three days of the exam, for example by providing a doctor's letter.

All applications must be approved by a member of SLT before the Exams Office will process an application for special consideration to the relevant awarding body within seven days of the last subject exam.

The outcome of the application lies with the awarding bodies.

APPEALS

Internal Assessments/Non-Examination Assessments

Thomas Deacon Academy is committed to ensuring that whenever its staff mark students' work this is done fairly, consistently and in accordance with the regulations and awarding body's specification and subject-specific associated documents.

Work will be marked by staff who have appropriate knowledge, understanding and skill and who have been trained in this activity. Work is authenticated in line with the requirements of the awarding body and will be internally moderated and standardised to ensure consistency of marking. **Raw marks will be reported to students one month before the awarding body's submission deadline date.**

If a student does not believe that this may have happened in relation to their work, he/she may appeal. An Appeal can only be made against the assessment process and not against the mark to be submitted to the awarding body.

- a) *Appeals should be made as early as possible in order to ensure that the internal appeals process is completed prior to the submission of centre marks to the awarding body.*
- b) *Appeals must be made in writing and explain on what grounds they wish to request a review.*

This applies to all exam work that is assessed internally within Thomas Deacon Academy, for example Non-Examined Assessments, coursework and controlled assessments for GCSE, A Level, BTEC and Cambridge National/Technical courses.

- a) The student/parent/guardian should initially approach the subject teacher to discuss the issue. They can request copies of materials (e.g. marked assessment work/mark schemes) to assist them in considering whether to make a request for a review of the centre's marking. Access to original materials will not be allowed unless supervised by a member of staff.
- b) If there is still a concern the student/parent/guardian should submit a request for a review of marking in writing to the Head of Department (HOD); this should be within 5 working days of the marks having been given by the teacher.
- c) The HOD should give an initial reply within 48 hours. All the evidence will be reviewed to ensure that the work has been marked and internally moderated as per awarding body regulations. If deemed necessary, the HOD can request a remark/re-moderation of the student's work. A full response should be given to the complainant within 5 working days from the day the request for a review was received.
- d) If the student/parent/guardian is not satisfied with the reply they should refer the appeal to the Assistant principal. This must be made, in writing, within 2 working days of receiving the reply from the HOD, giving detailed and specific reasons why they disagree with the HOD's outcome.
- e) The Assistant principal should normally meet the student/parent/guardian to

discuss the appeal. They will review all the evidence and make a reply within 10 working days from receiving the appeal.

- f) If the student/parent/guardian is still not satisfied with the reply, the student/parent/guardian should refer the appeal to the Head of centre, this must be done within 1 working day of the outcome from the Assistant Principal.
- g) The Head of centre should review all the evidence and inform the student/parent /guardian of the outcome within 5 working days.

The above timings do not include designated school holidays. The decision of the Head of centre is final.

A written record will be kept at each stage and made available to the awarding body upon request. Should the appeal bring any irregularity in procedures to light, the awarding body will be informed.

External Assessments

This applies to all exam work that is assessed externally. In general, it relates to written papers and to pieces of coursework/controlled assessment that are wholly assessed externally.

It is possible to appeal against the procedures of an Awarding Body in the conduct of an examination. This is not to be confused with an Exam Result Enquiry. It is not possible to appeal against the outcome of a Result Enquiry unless there is evidence that the awarding body was not adhering to the Code of Practice; guidance can be found in the JCQ publications *Post-results services* <http://www.jcq.org.uk/exams-office/post-results-services> and *A guide to the awarding bodies' appeals processes* <http://www.jcq.org.uk/exams-office/appeals>

An appeal might be in relation to the inappropriate application of a mark scheme or a change in specification without it being properly made known to Centres. In each case the HOC and the EO will look at the Code of Practice to determine if there has been a procedural error.

Any appeal must be made through the Head of Centre on behalf of students; submissions will not be accepted from individual students.

If a procedural error is identified the EO will initiate the Appeals Procedure with the relevant Awarding Body. This may take up to six months after the results are published before an outcome is known.

The arbiter is the Examinations Appeals Board (EAB) and their decision is final.

Enquiries About Results (EARs)

In the event that a Head of Department refuses to allow a student to submit an Enquiry about Results (see Section 13), the student has the right to appeal, in writing, to the

Assistant Principal. If they still do not agree with the decision, a final appeal can be made to the Head of Centre; their decision is final.

In all instances, the awarding body's deadline date must be adhered to*. Requests past this date will not be accepted by the awarding body, it is therefore the student's responsibility to ensure they request an EAR and allow time for any necessary appeals.

**the deadline dates for EARs is communicated to students prior to and on the day exam results are published along with the relevant fees by the Exams Office.*

INTERNAL VERIFICATION (IV)

The IV process should be valid, reliable and cover all assessors, regardless of the programme of study. The IV procedure is open, fair, free from bias and detailed and accurate IV decisions are kept within each department.

Thomas Deacon Academy will

- a) ensure that all centre assessment instruments are verified as fit for purpose.
- b) verify an appropriate structured sample of assessor work from all programmes and teams, to ensure centre programmes conform to awarding body standards and requirements.
- c) plan an annual IV schedule, linked to assignment plans.
- d) define, maintain and support effective IV roles.
- e) ensure that identified staff will maintain secure records of all IV activity.
- f) brief and train staff of the requirements for current IV procedures.
- g) promote IV as a developmental process between staff.
- h) provide standardised IV documentation.
- i) use the outcomes of IV to enhance future assessment practice.

MALPRACTICE

This policy is reviewed and updated annually to ensure that any malpractice at Thomas Deacon Academy is managed in accordance with current requirements and regulations. Reference in the policy to GR and SMPP relate to relevant sections of the current JCQ publications General Regulations for Approved Centres and Suspected Malpractice: Policies and Procedures.

Thomas Deacon Academy has a 'Whistle Blowing' policy for reporting malpractice.

What is malpractice and maladministration?

'Malpractice' and 'maladministration' are related concepts, the common theme of which is that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations
- a breach of awarding body requirements regarding how a qualification should be delivered
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates
- compromises public confidence in qualifications compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

Candidate malpractice

'Candidate malpractice' means malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the writing of any examination paper. (SMPP 2)

Centre staff malpractice

'Centre staff malpractice' means malpractice committed by:

a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre; or

- an individual appointed in another capacity by a centre such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2)

Suspected malpractice

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice. (SMPP 2)

Purpose of the policy

To confirm Thomas Deacon Academy:

- has in place a written malpractice policy which covers all qualifications delivered by the centre and details how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body (GR 5.3)

General principles

In accordance with the regulations Thomas Deacon Academy will:

- Take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after examinations have taken place (GR 5.11)
- Inform the awarding body immediately of any alleged, suspected or actual incidents of malpractice or maladministration, involving a candidate or a member of staff, by completing the appropriate documentation (GR 5.11)
- As required by an awarding body, gather evidence of any instances of alleged or suspected malpractice (which includes maladministration) in accordance with the JCQ publication Suspected Malpractice - Policies and Procedures and provide such information and advice as the awarding body may reasonably require (GR 5.11)

Preventing malpractice

Thomas Deacon Academy has in place:

- Robust processes to prevent and identify malpractice, as outlined in section 3 of the JCQ publication Suspected Malpractice: Policies and Procedures. (SMPP 4.3)
- **This includes ensuring that all staff involved in the delivery of assessments and examinations understand the requirements for conducting these as specified in the following JCQ documents and any further awarding body guidance:**
 - General Regulations for Approved Centres;
 - Instructions for conducting examinations (ICE);
 - Instructions for conducting coursework;
 - Instructions for conducting non-examination assessments;
 - Access Arrangements and Reasonable Adjustments;
 - A guide to the special consideration process;
 - Suspected Malpractice:

- Policies and Procedures;
- Plagiarism in Assessments;
- AI Use in Assessments:
- Protecting the Integrity of Qualifications;
- A guide to the awarding bodies' appeals processes.

Informing and advising candidates

JCQ documents are sent to candidates on an annual basis to inform them of how to avoid committing malpractice and using AI in NEA. A presentation is provided to candidates by The exams officer to verbally explain how to avoid malpractice

Identification and reporting of malpractice

Escalating suspected malpractice issues

Once suspected malpractice is identified, any member of staff at the centre can report it using the appropriate channels

Suspected malpractice can be reported to Margaret Thulbourn (exams officer) this will be escalated to Vicki Wiles (Assistant Principal) and Emily Gaunt (Head of Centre).

Reporting suspected malpractice to the awarding body

- The head of centre will notify the appropriate awarding body immediately of all alleged, suspected or actual incidents of malpractice, using the appropriate forms, and will conduct any investigation and gathering of information in accordance with the requirements of the JCQ publication Suspected Malpractice: Policies and Procedures (SMPP 4.1.3)
- The head of centre will ensure that where a candidate who is a child/vulnerable adult is the subject of a malpractice investigation, the candidate's parent/carer/ appropriate adult is kept informed of the progress of the investigation (SMPP 4.1.3)
- Form JCQ/M1 will be used to notify an awarding body of an incident of candidate malpractice. Form JCQ/M2 will be used to notify an awarding body of an incident of suspected staff malpractice/maladministration (SMPP 4.4, 4.6)
- Malpractice by a candidate discovered in a controlled assessment, coursework or non- examination assessment component prior to the candidate signing the declaration of authentication need not be reported to the awarding body but will be dealt with in accordance with the centre's internal procedures. The only exception to this is where the awarding body's confidential assessment material

has potentially been breached. The breach will be reported to the awarding body immediately (SMPP 4.5)

- If, in the view of the investigator, there is sufficient evidence to implicate an individual in malpractice, that individual (a candidate or a member of staff) will be informed of the rights of accused individuals (SMPP 5.33)
- Once the information gathering has concluded, the head of centre (or other appointed information gatherer) will submit a written report summarising the information obtained and actions taken to the relevant awarding body, accompanied by the information obtained during the course of their enquiries (5.35)
- Form JCQ/M1 will be used when reporting candidate cases; for centre staff, form JCQ/M3 will be used (SMPP 5.37)
- The awarding body will decide on the basis of the report, and any supporting documentation, whether there is evidence of malpractice and if any further investigation is required. The head of centre will be informed accordingly (SMPP 5.40)

Additional information:

The accused individual will be offered the opportunity to write a statement with their version of events as part of any investigation.

Communicating malpractice decisions

Once a decision has been made, it will be communicated in writing to the head of centre as soon as possible. The head of centre will communicate the decision to the individuals concerned and pass on details of any sanctions and action in cases where this is indicated. The head of centre will also inform the individuals if they have the right to appeal. (SMPP 11.1)

Appeals against decisions made in cases of malpractice

Thomas Deacon Academy will:

- Provide the individual with information on the process and timeframe for submitting an appeal, where relevant
- Refer to further information and follow the process provided in the JCQ publication A guide to the awarding bodies' appeals processes

RESULTS, ENQUIRIES ABOUT RESULTS AND ACCESS TO SCRIPTS

Results

The Head of Centre is responsible for ensuring results are kept entirely confidential and restricted to key members of staff until the official date and time of release of results to students.

The EO will publish the dates of results for each exam series. They will inform students in advance of when and how results will be released to them.

Students will receive individual result slips. These will be distributed to students on the published results day using the following methods:

- a) collected in person on results day at the Academy
- b) emailed to a student via their TDA email account if unable to come into school
- c) If a student will be outside of the UK on results day then a student should provide the exams office with a personal email address (through their TDA email account) with permission to email results

Results will not be given out over the telephone, or to a third party*. If a student is unhappy about a result, they can request the Academy to submit an Enquiry About Results i.e. a clerical check or a review of results, or an Access to Script (marked written paper returned).

** The only circumstance that results will be given to a third party is if requested for an employment reference, a signed consent form signed by the student will be required.*

Arrangements for the school to be open on results days are made by the HOC

The provision of staff on results day is the responsibility of the Head of Centre.

Dates for EAR and ATS will be published on or before results day to staff and students.

Special Consideration

Special consideration is a post-examination adjustment to a student's mark or grade to reflect temporary illness, temporary injury or some other event outside of the student's control at the time of the assessment, which has had, or is reasonably likely to have had, a material effect on a student's ability to take an assessment or demonstrate his or her normal level of attainment in an assessment. It cannot remove the difficulty faced by the student and the awarding bodies can only make minor adjustments to the marks awarded.

There are two types of special consideration

- a) a student is present but disadvantaged. The awarding body can apply an enhancement of the student's mark of between 0% - 5%.

b) a student is absent for acceptable reasons. The exam is in the terminal series (e.g. final exam session before final qualification grades are awarded) and the minimum requirements for enhanced grading in cases of acceptable absence can be met. If there is an opportunity for the students to be re-entered in the next available exam series before certification, special consideration will not be applied for.

It is the student's responsibility to inform the Exams Office of any circumstances affecting their exams.

The EO will require appropriate evidence or information, either from the student or where appropriate, from centre staff before any application will be submitted to the awarding body.

Where eligible, special consideration will be applied for as per JCQ's publication *A guide to the Special Consideration Process*. This may be for one individual exam or a whole series of exams depending on the circumstances.

There may be situations where candidates should not be entered for an examination; this decision will be taken by the Assistant Principal and the Head of Centre in liaison with parents/the candidate.

Enquiry About Results (EARs)

Students can request an EAR for their own exam results, the fees for this are payable by the student. Written consent and fee must be provided by the student before an EAR application will be processed.

A Service 2 EAR (Review of Results) request can be made by a HOD or SL only with signed consent of the student(s). All requests made at the Academy's expense must be agreed by the relevant HOD before processing by the Exams Office.

Requests for a Service 3 EAR (Review of moderation of coursework) must be approved by Assistant Principal level or higher before processing by the Exams Office.

The awarding body deadline date for requests is final and requests will not be accepted after this date.

In the event that a member of staff refuses to accept an EAR made by a student, the student has the right to appeal.

Following the outcome of a Review, the candidate or Academy can appeal the decision by the awarding body. The JCQ publications 'Post Result Service' and 'Appeals

Booklet' will be consulted to determine the acceptable grounds for a preliminary appeal.

Access to Scripts (ATS)

After the release of results, students may request the return of their exam scripts.

Exam Links or Assistant Principals may request scripts for investigation for teaching purposes at the Academy's expense. The students' written permission must be obtained before the application is made to the exam office; these will be processed via the non-priority service offered by the awarding bodies.

There are two services available for ATS requests: Priority and Non-Priority.

- a) Priority applications: a copy of the exam script will be received before the deadline date for EARs.
- b) Non-Priority requests: an electronic copy or the original script will not be received until after the deadline date for EARs.

The awarding bodies determine

- a) the availability of units available for ATS
- b) the service availability for each component

CERTIFICATES

Certificates received from the awarding bodies will be monitored to ensure accuracy of details and qualifications awarded.

Students should collect and sign for their certificates in person. When this is not possible, certificates may be collected by a third party, provided they have written authorisation by the student to do so. In all instances, photographic ID must be shown and a receipt signed before certificates are released.

In exceptional circumstances, certificates may be posted on receipt of a letter from the student confirming their home address; this must match the Academy's records. Payment of a fee for a traceable postal service may also be required.

Certificates are kept for a minimum of one year from receipt into the centre; after which time they are destroyed in accordance with awarding body guidelines. The student is liable for any fees charged by the awarding bodies for certificates requested after this period or for replacement certificates in the event of loss/damage.

- a) For those students who have left the Academy and not collected their certificates within 12 months, the Exams Office will post at least one letter addressed to the parents at the last known home address as reminder before the certificates are destroyed.
- b) For those students still at the Academy, email reminders will be sent either directly to individual students or via their tutor.

A certificate log will be kept by the Exams Office, see Exams Archiving Policy.

EMERGENCY PROCEDURES

In the event that the Academy is closed due to bad weather all efforts will be made so that external exams will proceed as normal.

In the case of an early warning of bad weather a member of the Facilities Team will visit the Academy at 06:15. They will assess the situation and phone the Principal to discuss the conditions.

The Principal will make the decision regarding possible closure. In certain circumstances the Academy may need to stay open for a specific reason such as external exams. Therefore, staff living within walking distance of the Academy, should make every effort to attend to support in caring for any students who turn up.

In the event that external exams are scheduled:

- a) The EO will be advised of the situation at the earliest opportunity. The designated SLT staff member will deputise as the on-site EO if needed.
- b) The Exams Office is responsible for contacting those invigilators that live within walking distance of the school to request their attendance.

Also see the Examinations Contingency Plan Policy.

EMERGENCY EVACUATION PROCEDURE

In the event of an emergency evacuation of an exam venue, the safety of the students and staff is paramount. This may be due to the school fire alarm sounding, or, in exceptional circumstances, where students are severely disadvantaged or distressed by remaining in the room, for example serious illness of a student or invigilator.

Students are always deemed to be under exam conditions during the evacuation process.

Students are to be supervised as closely as possible to maintain exam security at all times in order that if permitted back into the building, students can continue with the examination.

Any breaches of JCQ regulations must be reported to the EO/HOC as soon as reasonably possible.

For exams in the main Academy building:

- a) The students must leave all materials on their desks.
If there is a small cohort of students, the invigilator can collect exam scripts/materials and take these with them. In the event return to the exam room is not permissible, the exam can then take place at another venue.
- b) The Lead Invigilator will note the time, collect the attendance list and evacuate the students from the exam room to the designated assembly point.
- c) A roll call/head count must be taken to ensure all students/staff are out of the building.
- d) Absences must be reported immediately to the Evacuation Officer in charge and the EO.
- e) The Exams Office staff will make their way to the assembly point to assist.

For exams in the Exam Hall:

- a) to c) as above.
- d) The Lead Invigilator must radio on channel 10, the Exams Office to notify them of the situation and any absences.
- e) The Exams Office staff will make their way to the exam room/assembly point to assist.

The Exams Officer will contact the necessary awarding body to advise them of the situation and for guidance.

If notified it is safe to return by the Evacuation Co-ordinator, the students should be escorted back to the exam venue. If possible, the Lead Invigilator will restart the exam, giving students the full remaining time allowance.

Roles and Responsibilities:

Head of Centre ensures emergency evacuation policy is fit for purpose and complies with relevant health and safety regulations.

- a) Ensures any instructions from relevant local or national agencies are followed where applicable e.g., emergency services, National Counter Terrorism Security Office
- b) Where safe to do so, ensures students are given the opportunity to sit exams for their published duration

Head of School /Senior Leaders responsible for centre-wide emergency evacuation procedures

- a) Ensures all staff and appointed fire marshals are aware of the policy and procedures to be followed when an emergency evacuation of an exam room is required
- b) Ensures appropriate arrangements are in place for the emergency evacuation of a disabled student from an exam room where different procedures or assistance may need to be provided for the student, and that the student is informed of what will happen in the event of an emergency evacuation

Exams Officer (EO)

- a) Ensures invigilators are trained in emergency evacuation procedures and how an incident and actions taken must be recorded
- b) Ensures students are briefed prior to exams taking place, on what will happen in the event of an emergency in the exam room, via assemblies and/or emails.
- c) Provide invigilators with a copy of the emergency evacuation procedure for every exam room
- d) Provides a standard invigilator announcement for each exam room which includes appropriate instructions for students about emergency procedures and what will happen if the fire alarm sounds
- e) Provides an exam room incident log in each exam room
- f) Ensures appropriate follow-up is undertaken after an emergency evacuation reporting the incident to the awarding body and the actions taken through the *special consideration* process where applicable for individual or groups of students

Invigilators

- a) By attending training and/or update sessions, ensure they understand what to do in the event of an emergency in the exam room
- b) Follow the actions required in the emergency evacuation procedure issued to them for every exam room
- c) Confirm with the EO, where different procedures or assistance may need to be provided for a disabled student they are invigilating
- d) Record details on the exam room incident log to support follow-up reporting to the awarding body by the EO (see below)

Other relevant centre staff

Support the senior leader, SEND Co-ordinator, EO and invigilators in ensuring the safe emergency evacuation of exam rooms

Recording details: As soon as practically possible and safe to do so, details should be recorded. Details must include:

- a) the actual time of the start of the interruption
- b) the actions taken
- c) the actual time the exam(s) resumed
- d) the actual finishing time(s) of the resumed exam(s)
- e) Further details could include report on student behaviour throughout the interruption/evacuation, a judgement on the impact on students after the interruption/evacuation

Where candidates are unable to return to the building to complete the examination, the relevant awarding body will be contacted immediately for advice.
